

Mini-Workshop on Biomedical Physics

Giovedì 16 Febbraio 2017

Aula 102 "L. Giulotto", ore 15

Dipartimento di Fisica, via Bassi 6, Pavia

15.00 Opening

15.15 Kevin Prise

(Queen's University Belfast):

***Metal-based nanoparticles
as radiosensitisers***

15.45 Katia Parodi

(Ludwig-Maximilians-University Munich):

Imaging in ion beam therapy

16.15 Lembit Sihver

(Technical University Vienna):

***Research by the Radiation Physics group
at Atominstytut and MedAustron***

16.45 Discussion
